OPTIONAL

Parents,

We have suggested that students access Study Island with their username and password and click through a series of questions to practice each content area represented on the CRCT. The great thing is you can see their results and help them access the lessons on Study Island to review each skill. However, we understand some may not have access to the Internet, so we have provided a paper copy to those that do not have Internet access or were interested in the paper/pencil practice. This is optional, but if your child completes it this will help us in identifying specific areas of need for us to form groups for re-teaching and review in the class days we have before the CRCT begins Wed., Apr. 16th.

We hope you have a great spring break making memories with your family!!
